

SERENGETI NORTH WILDERNESS CAMP TANZANIA

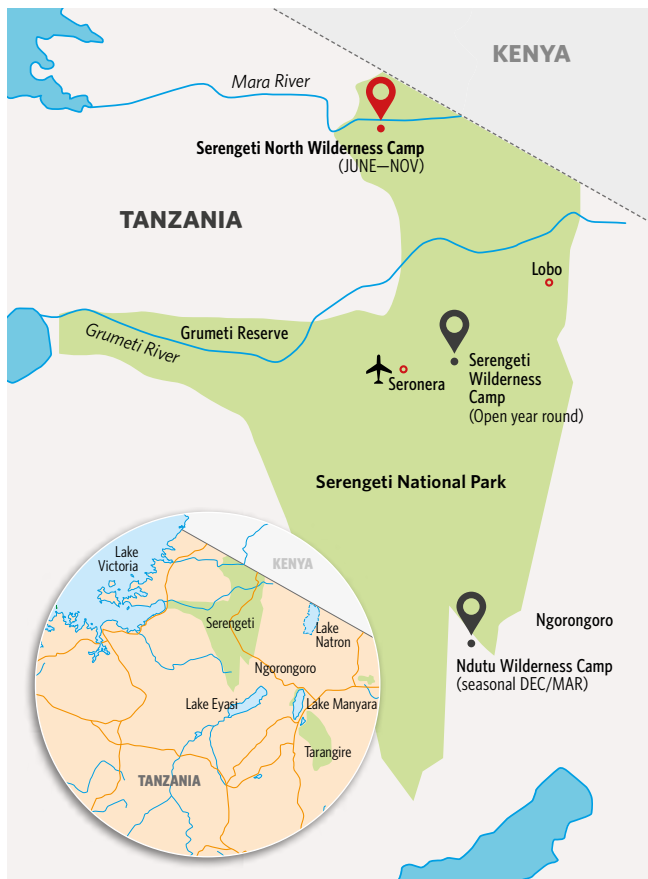

Welcome to Serengeti North Wilderness Camp

Serengeti North Wilderness Camp is a 'seasonal' camp located in the north of the Serengeti National Park, a short distance from the Mara River. Seasonal camps have the benefit of being able to move to some of the best game viewing areas of the park, and we work under strict National Park guidelines with the camp being truly eco-friendly.

Comprising just twelve spacious tents (including a 4-bed family tent), we provide comfortable beds and quality linen, with en suite flushing toilet and 'bush shower'. Lighting is by 12-volt (solar powered) with bedside lamps provided. The tents each have a shady verandah.

An airy, central dining tent complements our comfortable lounge tent which has a small reference library, maps, some games for children and a recharging facility for cameras, videos as well as WiFi. Our safari chef will prepare sumptuous meals for your enjoyment. Evenings offer a typical safari campfire around which our guests enjoy sundowners and snacks, and relive the day's experiences.

We provide a friendly, intimate quality tented bush camp, with good facilities in an amazing area, with due respect for this fragile ecosystem.

About the area

The northern Serengeti is beautiful — a mix of gently rolling hills, riverine forests and broken by small rivers and occasional granite outcrops and 'kopjes'. This is the place to be between June and November when masses of migrating Wildebeest and Zebra cross over the Mara River. Dramatic river crossings ensue as tens of thousands of animals hurl themselves into the waters in a desperate bid to safely reach the other side.

We recommend a minimum stay of 3 to 4 nights to relax and fully explore the region.

Your safari experience

We offer fly-in safari packages for those short of time, or simply wanting to get 'straight to the action'.

Other activities in the area

- » **Walking safaris**
- » **Birding:** very rewarding both around the camp and on game drives
- » **Balloon safari:** enjoy a bird's eye view as you gently float above the majestic Serengeti plains
- » **Other safari highlights** in the region include Ngorongoro Crater, Olduvai Gorge, Ol Donyo Lengai active volcano and Lake Natron, and of course the Rift Valley, Lake Manyara and Tarangire National Parks

Guest Corner

"Just a spectacular visit with great service. A really well organised and well run camp, it was a pleasure to stay here."

When to go

This camp is only open during the peak migration period when the large wildebeest herds are specifically in the area - namely June to November. However, you may combine a few nights here with some nights in our central camp to get the best of the Serengeti.

Getting there

- » 12-hour drive from Arusha
- » Fly from Arusha to Kogatende airstrip, about a 30-min game drive away from camp
