

Northern Serengeti Fly-in Safari

Serengeti

4 Days / 3 Nights

WILD FRONTIERS
travel AFRICA

This fly-in safari is designed to take you straight to the heart of the great migration action - combining quality tented accommodation, outstanding food and exceptional guides - all at an excellent price.

From June to October, wildebeest push north from central Serengeti toward the Mara River. Crossings can be seen in the western Grumeti area (around June–July) and the northern Serengeti (August–October), where patient guests may witness the dramatic river crossings as herds move between the Serengeti and Masai Mara.

Accommodation	Destination	Basis	Room Type	Duration
<u>Serengeti North Wilderness Camp</u>	Northern Serengeti	Full board including local drinks	1x Spacious Canvas Tent	3 Nights

Days 1-4: Serengeti North Wilderness Camp

Catch a morning flight from Arusha to the Northern Serengeti, where your Wild Frontiers guide will greet you at Kogatende Airstrip and transfer you to Serengeti North Wilderness Camp – with ample game viewing en route!

Rolling hills, lush riverine forests, dramatic granite outcrops and the winding Mara River set the scene for one of nature's greatest shows — witness dramatic river crossings and spot lion, leopard, elephant, buffalo, giraffe, zebra and more.

Enjoy days spent exploring on game drives in our custom-built Land Cruisers, designed for comfort and unbeatable views — with 360° hatches, spacious seating and plenty of room for your camera gear.

Overnight for 3 nights: Serengeti North Wilderness Camp [View iBrochure](#)

With only ten spacious tents — including a 4-bed family tent — expect comfort without compromise: cosy beds, quality linen, en suite toilets, gravity showers and solar lighting. Each tent also has its own shady netted verandah, the perfect spot to unwind on.

The main camp features a breezy dining tent and relaxed lounge with a small library, games, charging station and small bar. Enjoy free WiFi throughout the camp.

Evenings are spent around the campfire, with sundowners, snacks and stories under the stars. Our chef serves up delicious meals, and our eco-friendly approach ensures we tread lightly in this pristine wilderness.

Authentic, intimate, and in the heart of it all — this is the Serengeti, up close and personal.

Optional extra: Hot Air Balloon Safari

Experience the Serengeti from a new perspective, drifting silently above its endless plains. The stillness, the height, and the slow shift of dawn light remind you how beautiful and vast the world is. Lift off is at sunrise, with a champagne bush breakfast waiting after you touch down.

Day 4: End of Itinerary

Transfer back to Kogatende airstrip for the flight back to Arusha Airport.

End of safari.

Contact us on reservations@wildfrontiers.com for a detailed quotation

Included:

- Return flight from Arusha to Kogatende
- Shared game drive vehicle (max 7, each with window seat)

Excluded:

- All international flights and airport taxes
- Personal expenses such as porters, drinks, tips, visas, health requirements and travel insurance
- Services/activities/meals not included above

THE MIGRATION EXPLAINED:

The following migration calendar helps to explain the seasonality of game viewing. Remember there is resident game throughout the year in the Serengeti/Ngorongoro eco-systems. This overview should be used as a rough guideline when planning your safari as movement of wildlife depends on a combination of factors.

JANUARY, FEBRUARY & MARCH

The southern plains of the Serengeti eco-system, including Ndutu, bustle with wildebeest during calving season. The open grasslands make for great visibility, with plenty of predators around. 500 000 calves are born at a rate of 8 000+ a day during the peak birthing period.

APRIL & MAY

The 'green' season is a great time to avoid peak season crowds and enjoy good low- season rates. While game drives might be affected by road conditions, the rains usually bring short, intense afternoon storms rather than persistent downpours. Dramatic clouds provide fantastic photo opportunities, while the rain washes the dust away.

JUNE / JULY / AUGUST

The wildebeest move from the central area and split to the west and north, continuing their trek toward the Mara River. River crossings may be seen in both the western corridor (Grumeti area) and north (Mara River).

SEPTEMBER / OCTOBER

Whilst some of the wildebeest successfully reach the Masai Mara, there are still hundreds of thousands remaining in the northern region of Serengeti, offering those with guests with loads of patience the chance to see exciting river crossings (the Mara River runs through the Serengeti).

NOVEMBER & DECEMBER

The herds are starting their journey southward, moving back into the Serengeti through the central Seronera region, ready to kick off the entire migration cycle once again.

VISA REQUIREMENTS

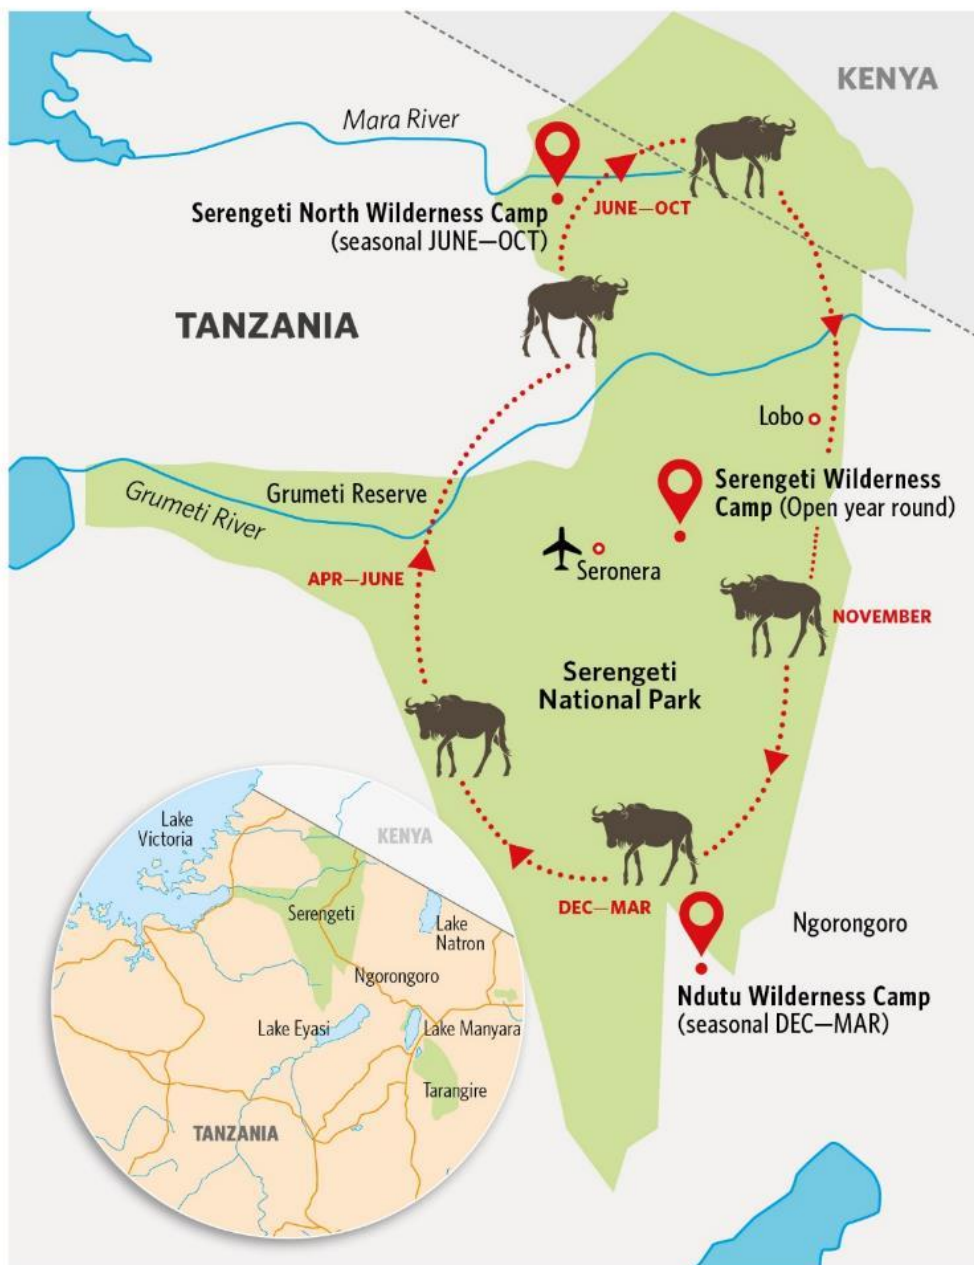

All visitors to Tanzania must have a valid passport which needs to be valid for 6 months after return date of travel and have at least 3 blank pages in it. Except for exempted countries, all visitors require a visa to enter Tanzania. South Africans visiting on holiday do not require a visa. A single entry visa is currently US\$ 50 for most other nationalities. Apply via the link: <https://eservices.immigration.go.tz/visa>.

HEALTH REQUIREMENTS

All travellers require a Yellow Fever certificate / exemption letter for East Africa. If you're unable to receive the yellow fever vaccine for travel to Tanzania, you can still enter the country with a waiver from a doctor, which should be presented to immigration officials. This applies if your doctor advises against the vaccine due to medical reasons or if you're over 60 years old, according to tzembassy.go.tz.

Precautions against Malaria are also recommended.

TRAVEL INSURANCE is compulsory for all guests travelling with Wild Frontiers.

*All prices are subject to change due to rate of exchange fluctuation or any unforeseen price increase.
Terms & Conditions apply. E. & O.E*
